

Analysis of Survey of Community Input on Proposed Recommendations to be included in the Glencarlyn Neighborhood Conservation Plan

September 26, 2007

In preparing the Glencarlyn Community Conservation Plan for submission to County offices, the Glencarlyn Community Association felt it necessary to submit the recommendations in the draft plan to the neighborhood to ascertain which recommendations were most strongly supported, and which light be dropped due to weak support. The draft recommendations were formatted as a “ballot” and distributed to all 530+ households in late May, 2007. People had a choice to bring the completed ballot to the Pancake Breakfast June 2 (for a discount), or drop them in a box at the library. 79 questionnaires were returned (representing 15% of 530 households). Most completed all the questions although a few people stopped answering part way through. Over 60% also submitted comments which are shown *in italics* as respondents made them in the results shown below. As expected, most of the comments concerned traffic (Chapter 7) and streets and sidewalks (Chapter 8).

Kensington St., S, 300 -- 0	3 rd St., S, 5400 -- 3	6 th St., S, 5600 – 0

Part 2 -- Numerical Results (with comments *in italics*)

Residents scored the June 2007 as follows:

4 = I strongly like this suggestion, I would support it, and I consider it high priority.

3 = I like this idea somewhat, but it is not high priority for me.

2 = I am neutral about this suggestion and have no strong feelings about it.

1 = I dislike this idea and would oppose it.

Respondents circled their preferred score for each question. Where items were left unmarked, they were counted as “2”.

The Summary Analysis of the June date includes a number of columns. The table below describes what each of those column means. Comment are in italics; those in **yellow** represent changes or additions to the recommendations being proposed (see recommendations with deletions and comments document).

Description of the Summary Data Analysis

Column	Description
Survey Question Number	This is the number as it appeared in the June survey
Action / 04 suggestion	This column indicates whether the recommendation is CA for County action or OR Other. If there is a “s” after the code, that indicates this recommendation resulted from input from the initial survey in the 2004
3 & 4 as % all	The percentage of the responses which were either #3 or #4 (see above) This total percentage is probably one of the key basis for inclusion.
Points	Preliminary scoring – number of responses times the “number” in the responses Note unmarked were counted as a 2 -- e.g. for 6_1 29 X 4 + 27 X 3 + (12 +5) X 2 + 6 X 1 = 237 If all responses were #2 the score would be 158 If all responses were #3 the score would be 237
In or Exclude	Preliminary recommendations
Questions (comments in italics)	Questions as they appeared on the ballot. Comments received on the responses.
1 as % all	Percentage of the responses selecting #1 If this number is over 10% it should be considered along with the percentage for 3 & 4 in determining if the recommendation should be included.
2 or Unmarked as % all	Percentage of the responses selecting #2 or left it blank
3 as % all	Percentage of the responses selecting #3
4 as % all	Percentage of the responses selecting #4
# Unmarked	Number (not percent) of responses to the recommendation left unmarked
# 1	Number of responses to the #1
# 2	Number of responses to the #2
# 3	Number of responses to the #3
# 4	Number of responses to the #4
Total	Total responses, including unmarked
# 2 or Unmarked	Number of responses with either 2 or unmarked.
Marked total	Number of responses which were MARKED
3 & 4 as % Marked	Percentage of #3 and #4 based on questions which were marked (ignore unmarked)

Summary Data Analysis of June Survey

Chapter 3					LAND USE, ZONING AND DEVELOPMENT													
3_1	OR s	54%	205	EXC LUD E	Form a citizen watchdog team, perhaps a GCA committee, to periodically inspect the neighborhood for compliance to zoning, reporting back to the GCA to make sure the intent of the various zoning types supports the community's over-all appearance and functioning. <i>-- Check and refer the vacant housing for upkeep and rodent problems.</i> <i>-- Absolutely no zoning vigilantes! Please report violations through County procedures.</i> <i>-- Please, no "vigilantes" enforcing their own vision of the common good.</i>	11%	34%	38%	16%	5	9	22	30	13	79	27	74	58%
3_2	OR s	68%	233	Incl	Request the owner of the 7-11 try to ensure deliveries are not made during morning rush hour and that dumpster servicing occur only during daylight hours. <i>-- Probably not under owner's control.</i>	6%	25%	35%	33%	2	5	18	28	26	79	20	77	70%
3_3	OR s	77%	248	Incl	Request the owner of the 7-11 to periodically will sponsor a clean-up crew (maybe Sheriff's community service workers) to clean up trash around the 7-11 and neighboring streets as a neighborhood goodwill gesture. In the long-term, this property owner should develop a landscape plan for the store that enhances beauty but does not create sight line problems for motorists and pedestrians. <i>-- Include the entrance ramp to eastbound Route 50 which is littered with 7Eleven debris and trash.</i> <i>-- They're very busy. Why don't we offer to help?</i> <i>-- They have a special needs crew that does clean up around the store.</i>	6%	16%	34%	43%	3	5	10	27	34	79	13	76	80%
3_4	OR s	52%	214	EXC LUD E	Request the owner of the Woodlake Towers convenience store will control litter, and especially on the walkway leading north to the bus stop on Manchester Street. <i>-- The owner can't be responsible for the litter that happens on Manchester St.</i> <i>-- Isn't this a pedestrian problem rather than a store-caused problem?</i>	6%	42%	27%	25%	8	5	25	21	20	79	33	71	58%

Surv Q #	Action / 04 sug	3 & 4 as % all	Point s	In or Exclu de	Questions (comments in italics)	2 or UnMa rked					# Unma rked	# 2 or Unma rked	# Mark ed total	3 & 4 as % Mark ed	
						1 as % all	as % all	3 as % all	4 as % all	# 1					# 2
	General comments on chapter 3				<p>-- Why is there a 7-11 selling alcohol and cigarettes 50 feet from a middle school? Aren't there zoning laws that regulate this?</p> <p>-- Enforce zoning and yard maintenance on Carlin Springs Road.</p> <p>-- Servicing of the 7Eleven dumpster should be restricted to between the hours of 9 a.m. and 5 p.m., regardless of "daylight" conditions. (It is currently serviced at about 7 a.m., which in the spring and summer is daylight.)</p> <p>-- Please remember that store owners are not police. They can clean up after their customers if they hire extra help to do it. But they cannot control the customers – they don't have the authority.</p> <p>-- The property across 1st St. from the 7Eleven is unsightly.</p> <p>-- Homeowners or renters should not be allowed to keep trash, ladders, discarded appliances, mattresses, etc. on front lawns. Also, some single dwellers have <u>3</u> cars. Isn't there a limit on cars allowed?</p> <p>-- Ban storage buildings, debris, and trash in front yards (e.g. 5704 2nd St., S).</p> <p>-- We understand the goals in this section, but cannot condone the means. The proposed means border on Big Brother and condo laws.</p> <p>-- If the County would put trash cans tied to the signs on Manchester Street, then maybe the litter bugs will put their trash in the cans. (Became new recommendation)</p>

Chapter 4					PARKS, RECREATION, AND NATURAL RESOURCES													
4_1	CA	91%	281	Incl	The Four Mile Run and Long Branch floodplains must be kept free of development. Upstream paving and actions causing rain to form channels and erode the park and steams should be minimized or reduced. All possible efforts must be made to lessen the impact of storm drainage on these waterways. <i>-- Curbs and gutters cause erosion!</i>	1%	8%	25%	66%	4	1	2	20	52	79	6	75	96%
4_2	CA	81%	269	Incl	All future storm drainage projects must strive to achieve zero increase in storm runoff into the park. Retrofit projects are also suggested to dampen down the hydrological curve (volume and speed) of each of the neighborhood's storm runoff lines (See recommendation 9.1). combined with 4-1	1%	18%	20%	61%	6	1	8	16	48	79	14	73	88%
4_3	CA	75%	255	Incl	Apply for Neighborhood Conservation (NC) funding to obtain professional consultants for a "Glencarlyn Park Four-Mile Run Tributary Restoration and Stabilization Study". The severely eroded tributary streams leading to Four Mile Run through Glencarlyn Park should be studied with recommendations made for restoration and stabilization using current "low- impact development" techniques (bio-engineering and plantings, etc.). It should also make recommendations of ways that additional curb and gutter installations will not exacerbate runoff. The study will recommend projects in priority order, with each project sized to fit within normal NC funding limitations. 4-3 and 4-4 combined	5%	20%	22%	53%	7	4	9	17	42	79	16	72	82%
4_4	CA	70%	247	Incl	Use NC funding and other sources to implement the recommendations of the Glencarlyn Park Four-Mile Run Tributary Restoration and Stabilization study (4.3 above) in as many phases as needed as funding is available. 4-3 and 4-4 combined	6%	24%	20%	49%	7	5	12	16	39	79	19	72	76%

Surv Q #	Action / sug	3 & 4 as % all	Point s	In or Exclu de	Questions (comments in italics)	2 or UnMa rked as %				# Unma rked	# 1	# 2	# 3	# 4	Total	# 2 or Unma rked	# Mark ed total	3 & 4 as % Mark ed
						1 as % all	as % all	3 as % all	4 as % all									
4_5	CA	75%	254	Incl	Encourage the County to study local erosion problems and remediate them in ecologically-appropriate ways that conserve the natural communities, in close consultation with the community. Specific ideas include Upstream and in-community storm water retention systems (e.g., "rain gardens" and cisterns at appropriate sites such as the library and Carlin Hall). ***Removal of stream channelization along Long Branch in adjoining parts of Fairfax County. ***Green roofs, with plantings, for large scale buildings, such as schools and hospitals. ***Permeable surface parking lots to encourage on-site percolation. <i>-- Too many studies. Need actionable efforts.</i>	4%	22%	24%	51%	7	3	10	19	40	79	17	72	82%
4_6	CA	89%	271	Incl	After major storms, where the tree canopy in the park is severely damaged, new trees (native species/local ecotypes only) will be planted where appropriate to assist in re-creating the tree canopy as quickly as possible. <i>-- Not fast-growing, short-lived trees.</i>	1%	10%	33%	56%	4	1	4	26	44	79	8	75	93%
4_7	CA s	87%	277	Incl	Given Glencarlyn Park's special and irreplaceable value, the County must undertake serious efforts to address the problem of invasive exotic species. These efforts will be carried out in a manner that safeguards and enhances the native vegetation of park land. In addition, an aggressive urban forestry campaign will be undertaken to prevent potentially devastating tree diseases, such as Sudden Oak Death, from ruining these woodlands. <i>-- Give priority to the most troublesome species.</i>	1%	11%	23%	65%	4	1	5	18	51	79	9	75	92%
4_8	CA	90%	280	Incl	County police and park rangers will enforce that Glencarlyn Park not used for car washing and repair.	3%	8%	23%	67%	1	2	5	18	53	79	6	78	91%
4_9	CA s	82%	262	Incl	The County will conduct a study to assess the current condition of the Long Branch Nature Center facility and develop options for improvement, including renovation, the use of Urgent Care property, and other appropriate options. The study will then be followed by consideration of the options and eventual adoption and implementation. In any capital parks campaign, such as the current Parks and Open Space Master Plan, Arlington County should provide for the adequate funding of improvements to enable this Nature Center to continue operating in its unique setting. <i>-- Exclude Urgent Care property from study.</i>	3%	15%	30%	52%	4	2	8	24	41	79	12	75	87%

Surv Q #	Action / 04 sug	3 & 4 as % all	Point s	In or Exclu de	Questions (comments in italics)	2 or UnMa rked as %				# Unma rked	# 1 # 2 # 3 # 4				Total	# 2 or Unma rked	# Mark ed total	3 & 4 as % Mark ed
						1 as % all	2 as % all	3 as % all	4 as % all		# 1	# 2	# 3	# 4				
4_10	CA s	87%	276	Incl	County Parks and Recreation will ensure that trail maintenance and improvements are conducted in a regular and ecologically-sensitive manner. We do not recommend any additional paving since additional impervious surfaces will add to existing runoff problems. However, natural surface trails must be built to minimize erosion and sedimentation downstream. All overgrowth and hazards (such as dead overhanging trees, poison ivy, blocked culverts, missing sewer tops, etc.) should be corrected as funds and staffing allow. <i>-- I strongly disagree to statement about impervious surfaces. -- Too many studies. Need actionable efforts.</i>	1%	11%	24%	63%	2	1	7	19	50	79	9	77	90%
4_11	CA s	72%	241	Incl	County Parks and Recreation will commission a study (including interested neighborhood residents on the team) of ecologically-sensitive elements of the Nature Center and Glencarlyn Park tracts and follow it up with assessment of actions necessary to conserve these resources, and then undertake appropriate stewardship actions.	5%	23%	34%	38%	5	4	13	27	30	79	18	74	77%
4_12	CA	65%	233	Incl	The County will assess opportunities to improve environmental connectivity or corridors connecting the open space and natural areas of large tracts such as the Carlin Springs and Campbell Elementary Schools, the Urgent Care Center site, and the existing parkland so as to benefit wildlife and critical plant habitats.	1%	34%	33%	32%	6	1	21	26	25	79	27	73	70%
4_13	CA	86%	279	Incl	The County must provide widespread, advance notice of proposed actions that will affect the Park -- offering the community a chance to comment before work is commenced. At a minimum, bring notice of such projects to the meetings of the Glencarlyn Community Association.	1%	13%	18%	68%	3	1	7	14	54	79	10	76	89%
4_14	CA s	77%	258	Incl	Develop a public information awareness campaign about the use of pesticides and dumping and their harmful effects on the quality of the County's streams and watersheds. <i>-- This is done through Virginia Cooperative Extension.</i>	4%	19%	24%	53%	4	3	11	19	42	79	15	75	81%
4_15	CA s	73%	249	Incl	Clean up trash along the wooded west edge of the Kenmore sports fields, as well as around fields and playground. <i>-- Who put it there? -- Install trash can there. (Added) -- Unclear.</i>	0%	27%	32%	42%	11	0	10	25	33	79	21	68	85%

Surv Q #	Action / 04 sug	3 & 4 as % all	Point s	In or Exclu de	Questions (comments in italics)	2 or UnMa rked as %				# Unma rked	# 1	# 2	# 3	# 4	Total	# 2 or Unma rked	# Mark ed total	3 & 4 as % Mark ed
						1 as % all	2 as % all	3 as % all	4 as % all									
4_16	CA s	73%	252	Incl	Limit use to the Kenmore soccer fields and lights to no later than 10 00 p.m. Re-align the Kenmore field lights so that light is limited to ball field grounds and spillover is minimized so as to not shine into the home throughout the neighborhood.	6%	20%	22%	52%	6	5	10	17	41	79	16	73	79%
4_17	CA s	72%	244	Incl	Install a trash can at the 2nd and Jefferson Streets entrance of Glencarlynn Park.	5%	23%	30%	42%	6	4	12	24	33	79	18	73	78%
4_18	CA s	29%	163	EXC LUD E	Construct a neighborhood swimming pool, perhaps as part of the park redevelopment of the urgent care center site. <i>-- ONLY if there is noise enforcement and NO PARKING on 5th Rd., S.</i>	38%	33%	14%	15%	5	30	21	11	12	79	26	74	31%
4_19	CA s	61%	220	Incl	Install signs (maybe a wayside with photos) depicting the historic Carlin pavilion and nearby W&OD rail station. Additional waysides might highlight the George Washington survey marker, the W&OD Railroad, and other historic points of interest in the community.	8%	32%	35%	25%	7	6	18	28	20	79	25	72	67%
4_20	CA	71%	235	Incl	The County will help in the rebuilding and opening of the footbridge across Long Branch, connecting from Campbell Elementary School to the Nature Center access road (providing better access for teachers and students and park visitors).	4%	25%	41%	30%	6	3	14	32	24	79	20	73	77%
4_21	OR s	77%	258	Incl	Residents need to heed Arlington's leash law and keep their dogs on leash when they are on public property other than the designated Dog Park. Unleashed dogs can be a threat and source of intimidation to other people and to wildlife. <i>-- Absolutely!</i>	5%	18%	23%	54%	5	4	9	18	43	79	14	74	82%
4_22	OR s	89%	286	Incl	Residents should always clean up after their dogs. Dog feces are a major source of contamination in the streams, harbor diseases, and are a major food resource for rats. It is recommended that all dog owners clean up after their dogs, even in the woodlands.	4%	8%	11%	77%	5	3	1	9	61	79	6	74	95%
4_23	OR	58%	228	EXC LUD E	Residents should not allow their cats to run loose outside their yards. When cats are allowed to run loose, they kill birds and other small wildlife like chipmunks. The naturalists at the Nature Center have observed cats preying on the flying squirrels and other creatures of the park. <i>-- It is impossible to keep a cat contained in a yard. And they don't do well on leashes. This is a ridiculous comment. This is like asking cars to not drive in the neighborhood to avoid running over squirrels. Whoever made this comment doesn't own a cat or know much about them.</i> <i>-- Cats should wear bells on their collars to prevent wildlife kills.</i> <i>Not all cats are suited to be indoor only animals.</i> <i>-- It is also more healthy to keep cats inside.</i>	19%	23%	9%	49%	5	15	13	7	39	79	18	74	62%

Surv Q #	Action / 04 sug	3 & 4 as % all	Point s	In or Exclu de	Questions (comments in italics)	2 or UnMa rked				# Unma rked					# 2 or Unma rked	# Mark ed total	3 & 4 as % Mark ed	
						1 as % all	as % all	3 as % all	4 as % all	# 1	# 2	# 3	# 4	Total				
4_24	OR	90%	290	Incl	Residents must cease all dumping activities on public land (it is illegal) and use the County's established mechanisms for the removal of yard and other waste. Residents must not release any pets in the park, such as exotic fish. <i>-- Please clarify that "dumping" includes yard waste and leaves.</i>	0%	10%	13%	77%	5	0	3	10	61	79	8	74	96%
4_25	OR	89%	283	Incl	Residents are encouraged to make a particular effort to pick up all litter on and near their residences to help prevent littering in the park and streams. Particular care should be exercised to prevent materials like foam packing peanuts and plastic bags from getting loose and being carried into the woods and streams by wind and water. <i>-- I would like to see more effort placed on residents to remove construction trash in a more timely manner. I recently had to ask a neighbor three times over 4 months to remove an eyesore of trash piled high on the side of his house facing my front door, from a home project they were doing for 6 months.</i>	0%	11%	19%	70%	5	0	4	15	55	79	9	74	95%
4_26	OR	41%	199	Incl	Residents are encouraged to participate in the National Wildlife Federation's Certified Wildlife Backyard Habitat Program.	10%	49%	19%	22%	6	8	33	15	17	79	39	73	44%
4_27	OR	51%	211	EXCLUDED	Community residents are encouraged to sign up as volunteers and also make greater efforts to involve the Nature Center in events like Glencarlyn Day.	3%	47%	32%	19%	6	2	31	25	15	79	37	73	55%
4_28	OR s	42%	201	EXCLUDED	The Glencarlyn Citizens' Association (GCA) should consider organizing a group to solicit ideas, such as better fencing or slight regrading, to improve the Dog Park. <i>-- Reforestation! -- I support the direction the County has taken here. The Park Authority's landscape architect has put a lot of effort into this specific issue. He should be involved in any proposals to make changes – as should Glencarlyn Dogs, the sponsoring group.</i>	6%	52%	23%	19%	9	5	32	18	15	79	41	70	47%
4_29	OR s	73%	237	Incl	The GCA should establish a stream clean-up committee that would coordinate stream clean-up teams and remove trash from the woods. This group could become the primary citizen group associated with the tributary stabilization and restoration watershed study in Recommendation 4.3 above. <i>-- If it doesn't duplicate existing organizations or projects. -- Arlington for a Clean Environment (ACE) and the Virginia Cooperative Extension do this</i>	0%	27%	47%	27%	5	0	16	37	21	79	21	74	78%

Surv Q #	Action / 04 sug	3 & 4 as % all	Point s	In or Exclu de	Questions (comments in italics)	2 or UnMa rked					#					3 & 4 as % Mark ed	
						1 as % all	as % all	3 as % all	4 as % all	Unma rked	# 1	# 2	# 3	# 4	Total		# 2 or Unma rked
	General comments on chapter 4				<p><i>-- 4.1 to 4.5: I do not understand the implications of these items.</i></p> <p><i>-- Keep it natural. Also, restore the Carlin Springs area.</i></p> <p><i>-- More safety patrols along the bike path.</i></p> <p>-- Fire safety signs should be posted throughout the park to remind the public to be cautious when extinguishing matches and using grills. One mistake could destroy the entire park. (Added as new)</p> <p><i>-- I support steps to mitigate runoff, but not if it means sacrificing sidewalks. We can mitigate runoff and still have sidewalks.</i></p> <p><i>-- Aren't there already leash and pooper scooper laws? How will these recommendations change the status quo? Who's paying?</i></p> <p><i>-- Some of these recommendations are already laws. They should be enforced through the usual channels, not the neighborhood. Some of these would be good to have, but are not legal matters and cannot carry a "should."</i></p>

	General comments on chapter 6				<p>-- Create <i>Glencarlyn Pet Memorial within the Glencarlyn Garden at the library. This could be a place where pet owners plant or place flowers in honor of their pets, or scatter their ashes. Perhaps we could purchase a very large memorial plaque in which we could inscribe the names of pets whose owners made donations to the memorial garden in honor of their pets. Thus, the upkeep of the garden – and the cost of inscribing pet names on the memorial plaque – would be paid for by these donations. Perhaps there could be a ceremony once a year in which new pet names were inscribed and unveiled on the memorial. In essence, the Memorial Pet Garden would be a place for Glencarlyn residents, especially the children, to honor and remember their pets.</i></p> <p>-- <i>Get more interesting playground equipment at Carlin Hall.</i></p> <p>-- <i>Encourage artistic residents to display, and/or sell their creative works of art. Perhaps a special “Glencarlyn Art Day.”</i></p> <p>-- <i>I really like a lot of the suggestions. The tombstones used to be in their original places, but were moved for ease of mowing – pity. I support any idea that encourages more historic appreciation of the village. I think, though, that it should expand beyond the village center.</i></p> <p>-- <i>Master Gardeners should try to focus exclusively on native plants rather than the odd-looking palm trees (??) for community beautification. I applaud their efforts, but the plantings near the library kiosk are unsightly.</i></p> <p>-- <i>Several of these projects may be potential Eagle Scout projects.</i></p>

	General comments on chapter 8				<p>-- 8.2 and 8.3 contradict each other.</p> <p>-- The County should have to give us roads. The state of the streets is appalling – and you have no mention of that.</p> <p>-- Arlington County should be ashamed of the condition of the streets in the neighborhood!! I hope “I am on your side” does a report on the non-use of tax dollars in our community!!</p> <p>-- We are a very pedestrian-intensive neighborhood. Sidewalks area a priority throughout the neighborhood.</p> <p>-- For pedestrian safety, there should be a sidewalk on at least one side of all streets, particularly children walking to the library,</p> <p>-- I am against any new curb and gutter projects and especially sidewalks. This community has thrived all these years without them, and as one can see, curb and gutter has done nothing to help the traffic flow on south 3rd and 4th streets.</p> <p>-- Wise old saying: MYOB, When you mind your on business, you won’t be minding mine.</p> <p>-- Purchase the vacant lot on Carlin Springs Road and 2nd St and make it into a gateway park.</p> <p>-- I wish I could use the new sidewalk on the 5800 block of 3rd Street after I get off the bus, but, someone’s boat trailer blocks the sidewalk.</p> <p>-- In reference to curbs and gutters, these are not the best “green” ideas for the Park. We should have left the sides of the streets alone and kept the country quaintness of Glencarlyn. Now it is a city, with water flowing too fast to the creek. What a surprise!</p> <p>-- The County should evaluate roads and improve drainage using means other than curbs and gutters (e.g. crest of road, water bars), such as at the east end of 3rd St., S, which receives water from two directions and needs some simple, but useful, engineering (not a misplaced asphalt berm).</p> <p>-- We need a safe place for people to wait for the bus and walk to school. The sidewalks on Carlin Springs Road are dangerous for both activities.</p> <p>-- Sidewalks are a public safety matter. Where sidewalks are located should not be determined by individual property owners. The County has easements and should use them to protect our children and pedestrians.</p> <p>-- There are a number of places where property owners have blocked off county easement on their property which force people [following sidewalks] onto the street (e.g., house next to Carlin Hall). Also, a house in the 5800 block of 3rd St., S, has a boat trailer that extends into the sidewalk.</p> <p>-- The neighborhood has many more cars and more traffic than it did 25 years ago. We need sidewalks to protect pedestrians and particularly children. This should be a “walkable” neighborhood.</p> <p>-- I think we really need sidewalks, at least on one side, on S. Kensington between 5th and 4th Streets for people walking to the library. (A safety issue).</p> <p>-- Repave the streets. Visitors to our neighborhood say it looks like we live in Eastern Europe, and it’s not because of the street lights or trees.</p> <p>-- When planning lighting, please focus on energy efficiency and safety, not primarily looks.</p> <p>-- What about the horrific state of our roads (post water line project)? Repairing our messed up roads is my #1 priority!! I don’t understand why the roads in such need of repair after the water line project are not addressed here. (Added new)</p> <p>-- More lights are needed at the end of the 5900 block of 2nd St., across from the wooded area at the west end of the Kenmore fields. (Added new)</p>

General comments on chapter 9					<p>-- Add to Table B the 5400 block of 3rd St., S. Since the County refused to regrade the road, homeowners funded a project to correct flooding in driveways. But the end of the street is still an issue.</p> <p>-- Along the east side of Manchester Street, why can't we have a cement wall instead of a wooden fence? It would keep the traffic noise down and keep the gangs from coming into the woods. On the 5900 block of 2^{nds} St., S., this year alone, we've had spray painting on the fence, stolen cars, drug activity, homeless people living in the woods, people walking down the street drinking beer and then throwing the beer cans in the woods. With all the street gangs that live in Woodlake Towers, we're inviting them to come into Arlington. You can't seal up the wooden fence – the kids will knock it down. But you can put up a 12-foot concrete wall. It would keep traffic noise and vandalism down.</p> <p>-- The storm drain at the east end of 3rd St that runs under the street and into the Park constantly clogs with debris, leaving a puddle that attracts mosquitoes. A re-structured storm system there is needed. (Added NEW)</p> <p>-- The 300 block of Harrison St. has badly crumbling asphalt that is a serious hazard to bike riders and pedestrians as they enter the Park. (Added)</p>													
Chapter 10					COUNTY SERVICES													
10_1	CA s	73%	250	Incl	Reconstitute a Neighborhood Crime Watch program. (90% of the survey respondents said "yes" or "maybe" to re-instituting community Crime Watch.)	0%	27%	30%	43%	7	0	14	24	34	79	21	72	81%
10_2	CA s	78%	257	Incl	Schedule two or three more leaf pick-up dates in the fall and two or more additional yard waste pick ups in the spring. Adjust the period the leaf pickups occur to the time the need exists due to the weather conditions each year. -- Yes!! -- Based on neighborhood need.	5%	16%	27%	52%	4	4	9	21	41	79	13	75	83%
10_3	CA s	58%	227	Incl	Schedule more frequent litter pick up by County crews, especially along major roadsides. More frequent street cleaning would also be welcome. -- With a more efficient truck! -- Yes!	3%	39%	27%	32%	7	2	24	21	25	79	31	72	64%
10_4	CA s	73%	251	Incl	Provide random police patrols in the afternoons to monitor middle school students passing through neighborhood streets. -- Yes! (x 2) -- These already occur.	3%	24%	27%	47%	8	2	11	21	37	79	19	71	82%
10_5	CA s	62%	231	Incl	Patrol 5th Rd. (by the urgent care center fence) where non-residents park extra cars. Watch elsewhere look for commercial vehicles licensed in D.C.	4%	34%	28%	34%	7	3	20	22	27	79	27	72	68%

Surv Q #	Action / 04 sug	3 & 4 as % all	Point s	In or Exclu de	Questions (comments in italics)	2 or UnMa rked as %				# Unma rked	# 1	# 2	# 3	# 4	Total	# 2 or Unma rked	# Mark ed total	3 & 4 as % Mark ed

						1 as % all	as % all	3 as % all	4 as % all									
10_13	OR	78%	266	Incl	Ensure the U.S. Postal Service maintains a mailbox at the Library and posts pick up times on it. In fact, we'd prefer is as a drive-up type installed in the Library parking lot. <i>-- Leave it as it is – not necessary to put in parking lot.</i> <i>-- Yes! (x 2)</i>	4%	18%	16%	62%	5	3	9	13	49	79	14	74	84%
10_14	OR s	59%	224	EXC LUD E	The owner of 5814 Arlington Boulevard should beautify this small apartment building since it is a highly visible structure at the entrance to the neighborhood. <i>-- Absolutely! This looks like a used car lot. Very embarrassing!</i>	9%	32%	27%	33%	7	7	18	21	26	79	25	72	65%
General comments on chapter 10					<p><i>-- There is a rather obvious drug market at 5713 3rs St., S. The Arlington County Police have been contacted several times, with no resulting action. Something needs to be done.</i></p> <p><i>-- The animal officer needs to patrol more at Kenmore for dogs running loose on the field. The owners just let them run.</i></p> <p><i>-- Check out County-owned trees overhanging private property at the South end of Kensington at 5th Road.</i></p> <p><i>-- Concerning 9.2 (G) and 10.8, the County should also maintain and improve the remainder of the street ROW from 100 feet west of the dead end of the 5700 block [of 5th Rd.].</i></p> <p><i>-- I just installed rain barrels on the downspouts of my house. The County should encourage all residents to do this by offering low-priced barrels for purchase. This would help our water run-off problem and conserve water.</i></p> <p><i>-- We need more sanding/salt on 5400 block 3rd St., S. This hill is difficult to get up when icy or snowy. (Added NEW)</i></p> <p><i>-- We need police enforcement of people running through stop signs within the neighborhood. (Added NEW)</i></p>													

Other comments, suggestions, or ideas:

-- Thank you for all your work on this, and also for the opportunity to provide feedback on recommendations.

-- Thank you for all this hard work! (x 2)

-- This is a wonderful document, but massive plans and suggestions!

-- I think this was wonderfully done. Not a single thing was left out as far as I can tell. A lot of time was obviously put into this and it shows! I really feel that more attention needs to be paid to the historic significance of various areas in our village:

- Carlin Springs

- historic homes, over 100 years old, as stated

- street signs with the old names (which were trees, by the way) - maybe even plaques on or near trees that are older and significant.

Speaking of trees, we should make sure that people don't just cut down an older tree because it is in the way or drops things they don't like. The trees were here first!

-- I appreciate all of the time and effort in the development of this survey and in the planning that led up to the survey.

-- Many of these recommendations have too many parts in them that don't always agree or fit together making decisions about them more difficult.

-- Our house is surrounded by homes with dogs. Our neighbors are great people, but they allow their dogs to bark outside at all hours of the night – every night. We are not sure which dogs are barking on any given night, but every night between 11 pm and 5 am at least one dog is let outside where it barks for several minutes. Loudly. We are not exaggerating. This happens just about every night. Since we're not sure which neighbor's dog is barking (we don't feel like getting up at 4 a.m. to investigate) we would appreciate an article in the Village View reminding responsible dog owners about being considerate to their neighbors. Remind them about the hours in which dogs are expected to be kept quiet. And please inform Glencarlyn residents regarding the recourse they have in such situations.

-- Supply additional new and classic books to the Glencarlyn Library. Open it Thursday nights.

-- I am against anything that is optional and will increase taxes. Many of these projects would be nice, but not if it means I can no longer afford to live in the neighborhood.

-- Most of us would like to see the streets paved and vacant houses cleaned up – and the mulch mess by the library cleaned up. It is an eyesore!

-- Keep this type of write-in comment collection for future neighborhood goings-on. Very useful and convenient.

-- There are too many questions!

-- My priorities: health, public safety (street lighting, access to public facilities, safe walkways, protection of children – including local students), environmental protection (erosion control, mitigating runoff, litter control in the streams, and control of toxic substances).

Part 3 -- Recommendations Scored Against Plan Objectives

The Glencarlyn Community Conservation Plan is founded on five goals:

- **A** To sustain or enhance property values for individual homeowners.
- **B** To maintain or, better, reduce the levels of traffic on area streets and roads.
- **C** To enhance the natural resource values of the streams and woodlands that surround the neighborhood.
- **D** To ensure that the current low levels of crime are sustained or even lessened further.
- **E** To sustain or increase the sense of welcome that residents and those passing through the neighborhood feel when here.

Most of the recommendations included in the June survey, as rated by the ballot respondents, can also be linked to one or more of these objectives.

Recommendations that satisfy three objectives:

4.8 (A, C, E)	5.6 (A, D, E)	6.16 (A, C, E)	8.7 (A, C, E)	9.6 (A, C, E)
4.22 (A, C, E)	6.2 (A, D, E)	8.5/8.6 (A, D, E)	9.2 (A, C, E)	10.3 (A, C, E)

Recommendations that satisfy two objectives:

3.1 (A, E)	6.3 (C, E)	7.1 (B, E)	8.10 (A, E)	10.1 (D, E)
4.7 (A, C)	6.4 (A, E)	7.2 (B, E)	8.11 (A, E)	10.6 (C, D)
4.25 (C, E)	6.5 (A, E)	7.4 (A, E)	8.12 (C, E)	10.10 (A, E)
5.4 (C, D)	6.7 (A, E)	8.2 (A, E)	9.1 (A, C)	10.11 (A, E)
6.1 (A, E)	6.12 (A, E)	8.9 (A, E)	9.5 (A, E)	10.12 (A, C)

Recommendations that satisfy one objective:

3.3 (A)	4.14 (C)	4.29 (C)	7.9 (B)	8.14 (E)
4.1 (C)	4.15 (C)	5.1 (C)	7.11 (E)	9.4 (A)
4.2 (C)	4.16 (A)	5.5 (B)	7.12 (B)	9.8 (E)
4.3 (C)	4.17 (C)	6.8 (E)	7.13 (B)	9.10 (C)
4.4 (C)	4.19 (E)	6.10 (C)	7.15 (B)	10.4 (D)
4.5 (C)	4.21 (C)	6.13 (E)	7.19 (A)	10.5 (D)
4.6 (C)	4.23 (C)	6.17 (C)	7.20 (B)	10.7 (C)
4.9 (C)	4.24 (C)	6.19 (E)	7.21 (B)	10.8 (C)
4.10 (C)	4.26 (C)	7.5 (B)	8.3 (A)	10.9 (A)
4.11 (C)	4.27 (C)	7.6 (B)	8.4 (A)	10.14 (A)
4.12 (C)	4.28 (C)	7.7 (B)	8.8 (E)	

Recommendations that do not relate to a stated objective:

3.2	5.2	6.14	7.10	7.22
3.4	5.3	6.15	7.14	8.1
4.13	6.6	6.18	7.16	10.2
4.18	6.9	7.3	7.17	10.13
4.20	6.11	7.8	7.18
